CARROLL ROBERSON MINISTRIES

Dear Brethren in Christ,

All of us, as followers of Christ, need a time of pulling away from the traditional church system to renew our faith and to draw closer to our precious Lord. We even find Jesus needing times of renewal as we read the gospel accounts. The Jesus IsReal Conferences were started to help bring the Spirit of the Bible to the Lord's people. After leading over thirty trips to Israel, we felt the leading of the Holy Spirit to bring some of those treasures, that we had gathered in Israel to those who may never be able to make the long journey to the land where Jesus walked.

Through centuries of changing church traditions and many different interpretations of the Bible that are so far removed from where Christianity started, there is a real need to rediscover our Jewish roots and the context of the scriptures.

During these conferences we strive hard to bring forth in-depth Bible lessons that will make Jesus more real in your life. Our primary focus is on the earthly ministry of Jesus, His death and glorious resurrection, and the faith of those early, first-century believers. We also desire to make God's people more aware of end-time events, as well as many archaeological findings in Israel that help to bring visual aids to the Bible culture.

There are many believers in Jesus who could be great disciples if they only knew how to study the scriptures and what God expected of them. We do not want to take away from the local church; we just want to be an extended arm of the church with a more contextual approach. Along with Hebraic studies, there will be a lot of Christ-centered music that will encourage you. We have also included short skits of comedy that will bring God's gift of joy to your heart as well. Please call today and reserve your place for the next Jesus IsReal Conference, where Jesus will become real to you!
